

# Texas State Affordable Housing Corporation

## Affordable Communities of Texas Veterans Initiative - Properties Available For-Sale

The Affordable Communities of Texas Veterans Housing Initiative (the "ACT-VET") is a pilot initiative made possible through the donation of homes by Bank of America and renovation funding by our Local Partners. ACT-VET aims to provide low and no-cost housing to U.S. Military Veterans. All homes are available for either sale to qualified veterans or may be sold to fully disabled veterans through a no-interest no-payment mortgage. For more details on the program requirements contact the broker or local partner listed below, or contact TSAHC directly at 512-477-3555.
