COMMENTS: Management did a great job correcting all compliance findings prior to the issuance of the Compliance Report. During the tenant file review, the reviewer noticed a few discrepancies between the number of residents, tenant paid rent, and assistance payment amounts listed in the tenant files versus the monthly Unit Status Report (USR). The discrepancies were noted for units 1, 10, 16, 37, 48, 59, and 77. It was apparent that this was an oversight as management is aware of updating these amounts as they change. Management was instructed to update the USR each time a rent change is determined.

Finding:

- All new move in files reviewed were missing the TSAHC Health and Safety form. The Property Manager said that she stopped using the form because she thought the TDHCA Rights and Resources Guide accounted for our form as well. I informed the Property Manager that TDHCA Guide did not have any association with our required forms. The Property Manager stated that she would obtain the forms for all the missing units and did so prior to the issuance of this report.

If a new household moves in to any of the units with Findings (listed below), instead of submitting the required Corrective Action documents, submit with your response: the application for tenancy, all income and asset verifications, the executed Income Certification, and the 1st page of the lease for the new household occupying the unit.
