COMMENTS: The reviewer noted discrepancies between the information listed on the Unit Stats Report (USR) and the most recent certification or the current rent roll. Units 1004, 1801, and 1903 all had the incorrect housing and tenant rent listed on the USR. Unit 1402 had the incorrect effective date on the USR and unit 1313 had the incorrect number of bedrooms listed on the USR. Prior to the issuance of the report, management provided documentation to support that the tenant data is accurately reflected on the USR.

Observation:

- In addition, the full-time student exemption verification was incomplete for units 206 and 502. Management provided the corrected documentation for these units prior to the completion of this report. In order to maintain program and household eligibility, it is imperative that the Student Status Verification is completed properly prior to the household occupying the unit. If it is determined that the household is ineligible, the unit loses the low-income designation which may cause overall program non-compliance for the property.

If a new household moves in to any of the units with Findings (listed below), instead of submitting the required Corrective Action documents, submit with your response: the application for tenancy, all income and asset verifications, the executed Income Certification, and the 1st page of the lease for the new household occupying the unit.
