COMMENTS: Management did a great job correcting Unit Status Report (USR) inconstancies prior to the issuance of the Compliance Report. During the tenant file review, the reviewer noticed a few discrepancies between the income on the Tenant Income Certification (TIC) and the USR. The discrepancies were noted for units 5, 8, 21, 29, 34, 42, and 47. It was apparent that this was an oversight as management is aware the income on the original TIC should match the USR for this property. The child support income for unit 5 was left off the initial TIC, management corrected the TIC and updated the USR prior to the completion of this report. The added income did not affect the eligibility of the household. In addition, unit 38 had an unsigned TSAHC Health and Safety form. Management provided a signed copy shortly after the review.

If a new household moves in to any of the units with Findings (listed below), instead of submitting the required Corrective Action documents, submit with your response: the application for tenancy, all income and asset verifications, the executed Income Certification, and the 1<sup>st</sup> page of the lease for the new household occupying the unit.
