COMMENTS: The tenant files, including the required tenant documentation, were kept in and maintained in an organized manner. The reviewer noticed a few discrepancies between the information in the tenant files and the information listed on the Unit Stats Report (USR). Prior to the issuance of this report, the Property Manager corrected the discrepancies for rent on units 11B, 28A, and 43A. In addition, they corrected the number of household members on units 13B, 28A, and 31A. The importance of keeping an up-to-date USR was stressed with management.

If a new household moves in to any of the units with Findings (listed below), instead of submitting the required Corrective Action documents, submit with your response: the application for tenancy, all income and asset verifications, the executed Income Certification, and the 1st page of the lease for the new household occupying the unit.
