COMMENTS: The tenant files were submitted in a neat and organized manner. There were a few discrepancies noted during the tenant file review. The unit status report listed the wrong amount of household members for unit 204, and two files did not properly disclose assets on the Under \$5,000 Asset Certification form. More specifically, units 805 and 911 disclosed they do not have assets, yet their paycheck stubs show their payment check being deposited into an account. Prior to the issuance of this report, the three discrepancies noted above were corrected. Moving forward, management should carefully review pay checks stubs to ensure accuracy of asset reporting.

If a new household moves in to any of the units with Findings (listed below), instead of submitting the required Corrective Action documents, submit with your response: the application for tenancy, all income and asset verifications, the executed Income Certification, and the 1st page of the lease for the new household occupying the unit.
