COMMENTS: Tenant files were submitted in a neat and organized manner. There were two documents that were not properly scanned and submitted with the tenant file submission. Management provided the review with the requested documents within one hour of the completion of the Review. More specifically, the check stubs for unit 24 were missing and the application for unit 44 came across blank. It was apparent that these issues were a result of a scanning issue.

If a new household moves in to any of the units with Findings (listed below), instead of submitting the required Corrective Action documents, submit with your response: the application for tenancy, all income and asset verifications, the executed Income Certification, and the 1st page of the lease for the new household occupying the unit.
