COMMENTS: The tenant files were well maintained; the documents were in order; the information was legible, and it was all well-organized. There was one item noted and one topic of conversation regarding the Unit Status Report (USR). Unit 44I was a move out from this past year and the new household or the data for that household was not entered on our USR. Prior to the submission of this report, the compliance department updated the USR.

If a new household moves in to any of the units with Findings (listed below), instead of submitting the required Corrective Action documents, submit with your response: the application for tenancy, all income and asset verifications, the executed Income Certification, and the 1st page of the lease for the new household occupying the unit.
