COMMENTS: The submitted scanned tenant files were in good condition. However, when comparing tenant data from the Tenant Income Certification (TIC) form to the Unit Status Report (URS) it was apparent that the USR had not been updated. Prior to the issuance of this report, the property manager updated the USR with all current information.

Observation:

- The USR serves as a real-time snapshot of all household composition. It is imperative that the USR is updated monthly with accurate information to ensure program eligibility.

If a new household moves in to any of the units with Findings (listed below), instead of submitting the required Corrective Action documents, submit with your response: the application for tenancy, all income and asset verifications, the executed Income Certification, and the 1st page of the lease for the new household occupying the unit.
